REPORT OF FOREST FIREWARDEN

Very much pleased to say that we have had no expense for Forest Fires for the year 1922, for which I wish to thank the citizens.

Let us all be careful for another year.

A. PERRY SMITH,
Forest Firewarden.

Report of Health Officer

To the Inhabitants of the Town of New Boston:

I submit to you the following report for the year 1922:

The contagious and infectious diseases reported to me for the year are: three cases measles and one case diphtheria.

All the patients recovered their usual good health.

The sanitary conditions this year have been taken care of without any expense to the town.

Let us be as careful of our sanitary conditions every year, for with care we save expense and improve our health.

Respectfully submitted,

ARTHUR W. HOLT,
Health Officer.

Report of Cemetery Trustees

We wish to report that we feel well pleased with the care that the yard has received under the direction of Superintendent Fred C. Brown.

The oak tree at the corner of the yard has been removed and thereby the corner very much improved. Many of the headstones in the old yard have been reset, adding much to the appearance of the yard. The trust lots were all top-dressed last Fall and we are expecting a marked improvement in their appearance next summer.

We have had three new trust lots added this year, namely the Henry Farley, David Gregg and Elizabeth Andrews lots. As we get more and more of these lots it enables us to keep a man employed more time and thus helps to keep all of the lots in better condition.

The Superintendent has cared for quite a number of other lots and this has been found by many a nice way to have their lots kept in good order throughout the year. It costs but a small sum and we would recommend to those who wish their lots cared for and do not want to make them trust lots that they see the Superintendent and make arrangements to have this work done.

Herewith annexed you will find the report of the Treasurer and Superintendent, all of which is respectfully submitted.

WILLIAM O. DODGE,
THOMAS E. COCHRAN,
REED W. McLANE,
GEORGE C. WARREN,
ARTHUR W. HOLT,
Trustees.

Whipple Free Library

REPORT OF TRUSTEES

The trustees take pleasure in reporting that during the past year the library has continued to serve the people of the town with unbroken regularity of distribution and with increasing recognition of value, and appropriation of privileges, on part of the public.

Each year we appreciate more fully the courtesy of Mr. Clarence H. Dodge in extending to the town the use of the library room, for no where else could be found so commodious, convenient and pleasant quarters, in which to house this most valuable property.

Thanks are also due to donors of books: Mrs. Charles D. Rogers, two works of fiction; Mrs. Solomon D. Atwood, History of Francestown, and Mrs. B. J. Lang, magazines.

Miss Elsie G. Warren, librarian, and Mrs. Emma L. Bennett, caretaker, have rendered their customary faithful services, and the condition of your library property reflects that faithful care.

Your board of trustees suffered a very real loss by the resignation, in the early summer of Rev. Louis W. Swanson, and later, that of Mrs. Alice L. Waldo, whose intelligent and comprehensive familiarity with current literature, coupled with sound and discriminating judgement, made them valuable and valued members of the board. Miss Annie A. Atwood was appointed to the vacancy made by Mr. Swanson's retirement.

The trustees recognize the desirability of a somewhat more modern system of classifying and cataloging than the one in use, and we hope some action may be taken in the near future.

A list of books added to the library since last year is hereto appended.

14. To see what action the District will take relating to unused schoolhouses.

15. Too choose auditors, agents, and committees in relation to any article in this warrant.

Given under our hands this fourteenth day of February nineteen hundred and twenty-three.

WILLIAM O. DODGE,
MARY F. BLANCHARD,
HERBERT S. TODD,
School Board of New Boston.

Report of School Board

To the Selectmen of New Boston and the Inhabitants of the School District:

The school board of the District of New Boston respectfully submit the following report of the fiscal year ending June 30, 1922.

During the past year we have had to make more minor repairs than we expected. We shingled one side of the house at No. 4 and the shed at No. 2. The ceiling in the lower rooms at No 8 showed such strong symptoms of coming down that we felt we must put up steel ceilings. This has made a permanent improvement and adds very much to the appearance of the rooms. We also feel that the ceiling in the upper part of the house and all of the side wall should be done this summer vacation, as the plaster is loose, keeping everything covered with a fine white dust. When we remember that there are ninety or more boys and girls going in and out of this building every day we can understand why it comes to need repairing and when we consider that our boys and girls spend thirty-six weeks out of the year in these same rooms it seems we should try and have them as comfortable and pleasant as possible.

The building at No. 5 has had the lighting changed, a Kaustine toilet installed and the ceiling whitened. It will need the wood work painted, a new floor is badly needed, and the outside of the house needs painting; also at No. 4 the chimney should be rebuilt as it is so short, it bothers badly smoking.

We think now that we have the community playground for the pupils that we should vote a small sum to improve the grounds around the No. 8 building which will make a decided improvement in the appearance of our village street.

There seems to be an ever increasing demand for some kind of a business or agricultural course in our high school for those who do not desire to continue their studies after they graduate. Principal Smith thinks it can be arranged and we would recommend that a start be made in this direction next September.

We also wish to thank the people of the district for their cooperation during the past year.

REPORT OF SUPERINTENDENT OF SCHOOLS

Goffstown, N. H., February 15, 1923.

To the School Board and Citizens of New Boston:

The schools for the past year have been practically the same as for the preceeding year. At the present time, work is carried on in the same buildings, No. 2, No. 4, No. 5, No. 8, No.13, No.15, No.16. Of the ten teachers now teaching four have previously taught in the town.

For the most part the buildings are in fair condition. Minor repairs, such as fixing floors, windows, locks, bookcases, doors, shelves, toilets, painting, are required every year. However, the building at the village should have particular attention before the opening of school next fall. The walls should be fixed so as to prevent the continuous falling of plaster; the blackboard, cracked and uneven, should be replaced; the antiquated double seats should give way to single adjustable ones. These new seats can be used in the New Building when it comes.

Since the Village Building takes care of half of the pupils of the entire town, and since it will necessarily be in use for some time, it should be put in the best possible condition.

In educational programs the matter of the pupils' health has been receiving increased attention for several years. Light, heat, ventilation, cleanliness of the buildings, proper toilet facilities, are thought of now not as ends in themselves, but as means to provide a favorable environment, which may help to establish the child in ways and habits of health. Medical inspection has been provided for all the pupils of the town by Dr. S. Fraser. This may amount to nothing at all, or it may amount to a great deal. If the examining physician reports certain ailments or defects, which can and should be remedied, and the parent does nothing about

it, there is nothing more the school authorities can do. Negligence may mean ill-health for the child. But neither the physician nor the School Board can compel any action on the part of the parent, even though it might be for the good of the child.

For the second year, the Dental Clinic has been conducted. It is to be hoped this will continue. This work will surely receive the cooperation of the School Board, teachers, and superintendents as in the past.

Now and then with recurring regularities some taxpayer discovers that the schools cost an "outrageous lot." Schools do cost. Anything worth having costs. Necessities cost. But it is well to note a few items. Sometimes it is thought that the "overhead" is unwarranted. Taking the state as a whole, more is paid for janitor services than for supervision. Two necessary items in every school are "Books" and "Supplies." "Books" includes all the books furnished for the pupil's use. Taking the state as a whole, last year the "Average" spent for books per pupil was $1.48. But on the basis of the figures in last year's school report, New Boston spent for books $1.28. That is, New Boston spent $.20 less than the average. As to "Supplies." "Supplies" includes paper of all kinds, composition books, pencils, pens, rulers, chalk, etc. The average spent for every pupil in the state last year was $1.80, but New Boston spent $1.48, or $.32 per pupil less than the average. More than one teacher has been handicapped by lack of sufficient and proper books. This is a matter that can be and should be remedied.

I acknowledge with appreciation the cooperation of the members of the School Board, and teachers, and others who have helped me as I have entered upon the duties of superintendent.

Respectfully submitted,

J. BYRON TARNEY,

Superintendent.
